Dear Hiring Manager,

I am writing in application for the front-end developer position that advertised on your website. My training and experience in computer science field, along with my ability to convert a design to a real website using HTML, CSS, and JavaScript, make me the perfect candidate for the job. I know that I would be a valuable addition to your team.

I have a computer science degree from Colorado Technical University and have more than two years of experiences as a web developer. I have advanced knowledge of HTML, CSS, JavaScript, and outstanding teamwork skill. In my most recent role at Netbase JSC, my team and I built e-commerce websites on Magento platform following to customer's designs. I also developed Magento's extensions for the Netbase's market place, which received great reviews from customers.

I am very excited to be applying to your company and for opportunity to contribute my knowledge. I truly admire what your company achieved and would feel privileged to be a member of your team. You can visit my personal website at: <https://thanhpham.com> for additional information. Feel free to contact me at 720-397-2824 or thanhpham091790@gmail.com.

Thank you so much for your time and consideration. I look forward to hearing from you.

Sincerely,  
Thanh Pham
